INK & Insights

2024-25

Welcome Note

Dear parents,
Greetings from Sabari Indian School and I hope you all are well. The last term was a jam-packed term, and it is amazing to see the wide and varied opportunities that are presented to our students each and every day. We constantly engage and support our students in their academic endeavours, artistic pursuits, their sporting challenges, and perhaps most importantly, connecting them to their future pathways. There are many activities here that “ADD-VALUE” to a student’s school experience and help produce well-rounded, capable and confident students. While what we do in the classroom is always our core focus, educating the whole child is important to us as well.

Among the many academic oriented events were Quantigma Fest, which gave students opportunities to present innovative working models and projects designed to address real-world challenges integrating principle of Science, Mathematics, and Artificial Intelligence; Social Enterprise Week, where students showcased innovative business plans with products and services aligned with the principles of sustainable development and Student Led Conference where students confidently shared their classroom learning with their parents showcasing 21st century skills like communication, innovation, research and problem solving skills.

This edition also reflects the rich cultural diversity of our community, highlighting events such as the Arabic Fest in collaboration with the UAE National Day celebrations showcasing rich Emirati culture.

Our assemblies this term celebrated important themes, including Teacher's Day, Pinktober, Unity in Diversity, 30x30 Challenge, Children's Day, and many more for you to unveil as you flip through the pages of this newsletter. Each assembly fostered reflection, joy, and a sense of community among our students.

Another feature of this term has been the design thinking and integrated lessons which highlight the connections between subjects like Maths, AI, English, Music, Science, PE fostering deeper understanding through multiple exposures.

Special features include podcasts by Grade 11 students on Gen Z vs. Millennials, field trips that brought lessons to life, and the magical Carnival Extravaganza. Each page of the newsletter reflects the creativity and hard work of our students, capturing the essence of Sabari's vibrant learning environment.

We also had a mock inspection conducted in the school by Mr Stuart Dobson Former Director of DSIB. The report was particularly appreciative of the middle and senior secondary school where most of the lessons observed ranked in the Very Good category.

Our strength in Sabari Indian School is that we believe that every child is unique we see individual potential and talent in every child, and treat them in a special way, in order to facilitate the development of their full potential.

This is only possible in a caring, small school environment, with small classes, in which every child is known for who they are. We build significant relationships, not only with the children by getting to know them individually, but also their families which is evident in all our events and daily life.

We are committed to achieving excellence in all that we do. This requires dedication, determination and a relentless approach towards achieving the very highest standards. We have a team of staff who all want the very best for the students and I am sure with your support we will continue to improve.

Looking forward to a fantastic last term and hope to see you on Sports Day on 7 February. Also wishing the students all the best for the round of external and internal assessments scheduled for this term.

**Thank you
Clara Martin**

Welcome Note

From Head of Teaching & Learning

Ms Namra

As quoted by John Quincy Adam, "If your actions inspire others to dream more, learn more, do more and become more, you are a Leader", this statement perfectly encapsulates the role our student editors have played in coming up with more creative, inclusive and dynamic versions of the school newsletter editions.

It gives me immense pleasure to share highlights from this latest edition of newsletter. This newsletter captures the vibrancy of our school community and showcases the myriads of events and initiatives that have shaped an enriching term.

STUDENT EDITORIAL TEAM

Welcome Note

Dear Readers,

Welcome to the second edition of Ink and Insights, the newsletter dedicated to celebrating the incredible achievements and exciting events of Sabari Indian School! We, the student editorial team are thrilled to share with you the accomplishments of our fellow students, the memorable events that have taken place, and the spirit of excellence that defines our school.

This edition is focused on the outstanding achievements of our students across various fields, from academic success to co-curricular triumphs, as well as highlights from the exciting events organised by our school. We take immense pride in showcasing the hard work, dedication, and passion that our peers bring to everything they do.

A heartfelt thank you to all the students, teachers, and staff who have contributed to making these events and accomplishments possible. Your efforts truly inspire us all.

We hope you enjoy this edition of Ink & Insights!

Teachers Day

On Teachers' Day, Sabari Indian School hosted a memorable celebration to honor its dedicated educators. The day began with a delightful surprise as teachers entered the school to find beautifully arranged gift bags prepared by the Student Council. This thoughtful gesture set a positive tone for the day's events.

Following the warm welcome, the Student Council organised an engaging assembly filled with heartfelt performances and tributes to the teachers. The assembly highlighted the invaluable contributions of educators, fostering a sense of appreciation and gratitude among students and staff alike.

After the assembly, the fun continued with a student-led game session where teachers participated in light-hearted activities, including a lively round of Truth and Dare. This interactive segment not only brought joy but also strengthened the bond between students and teachers.

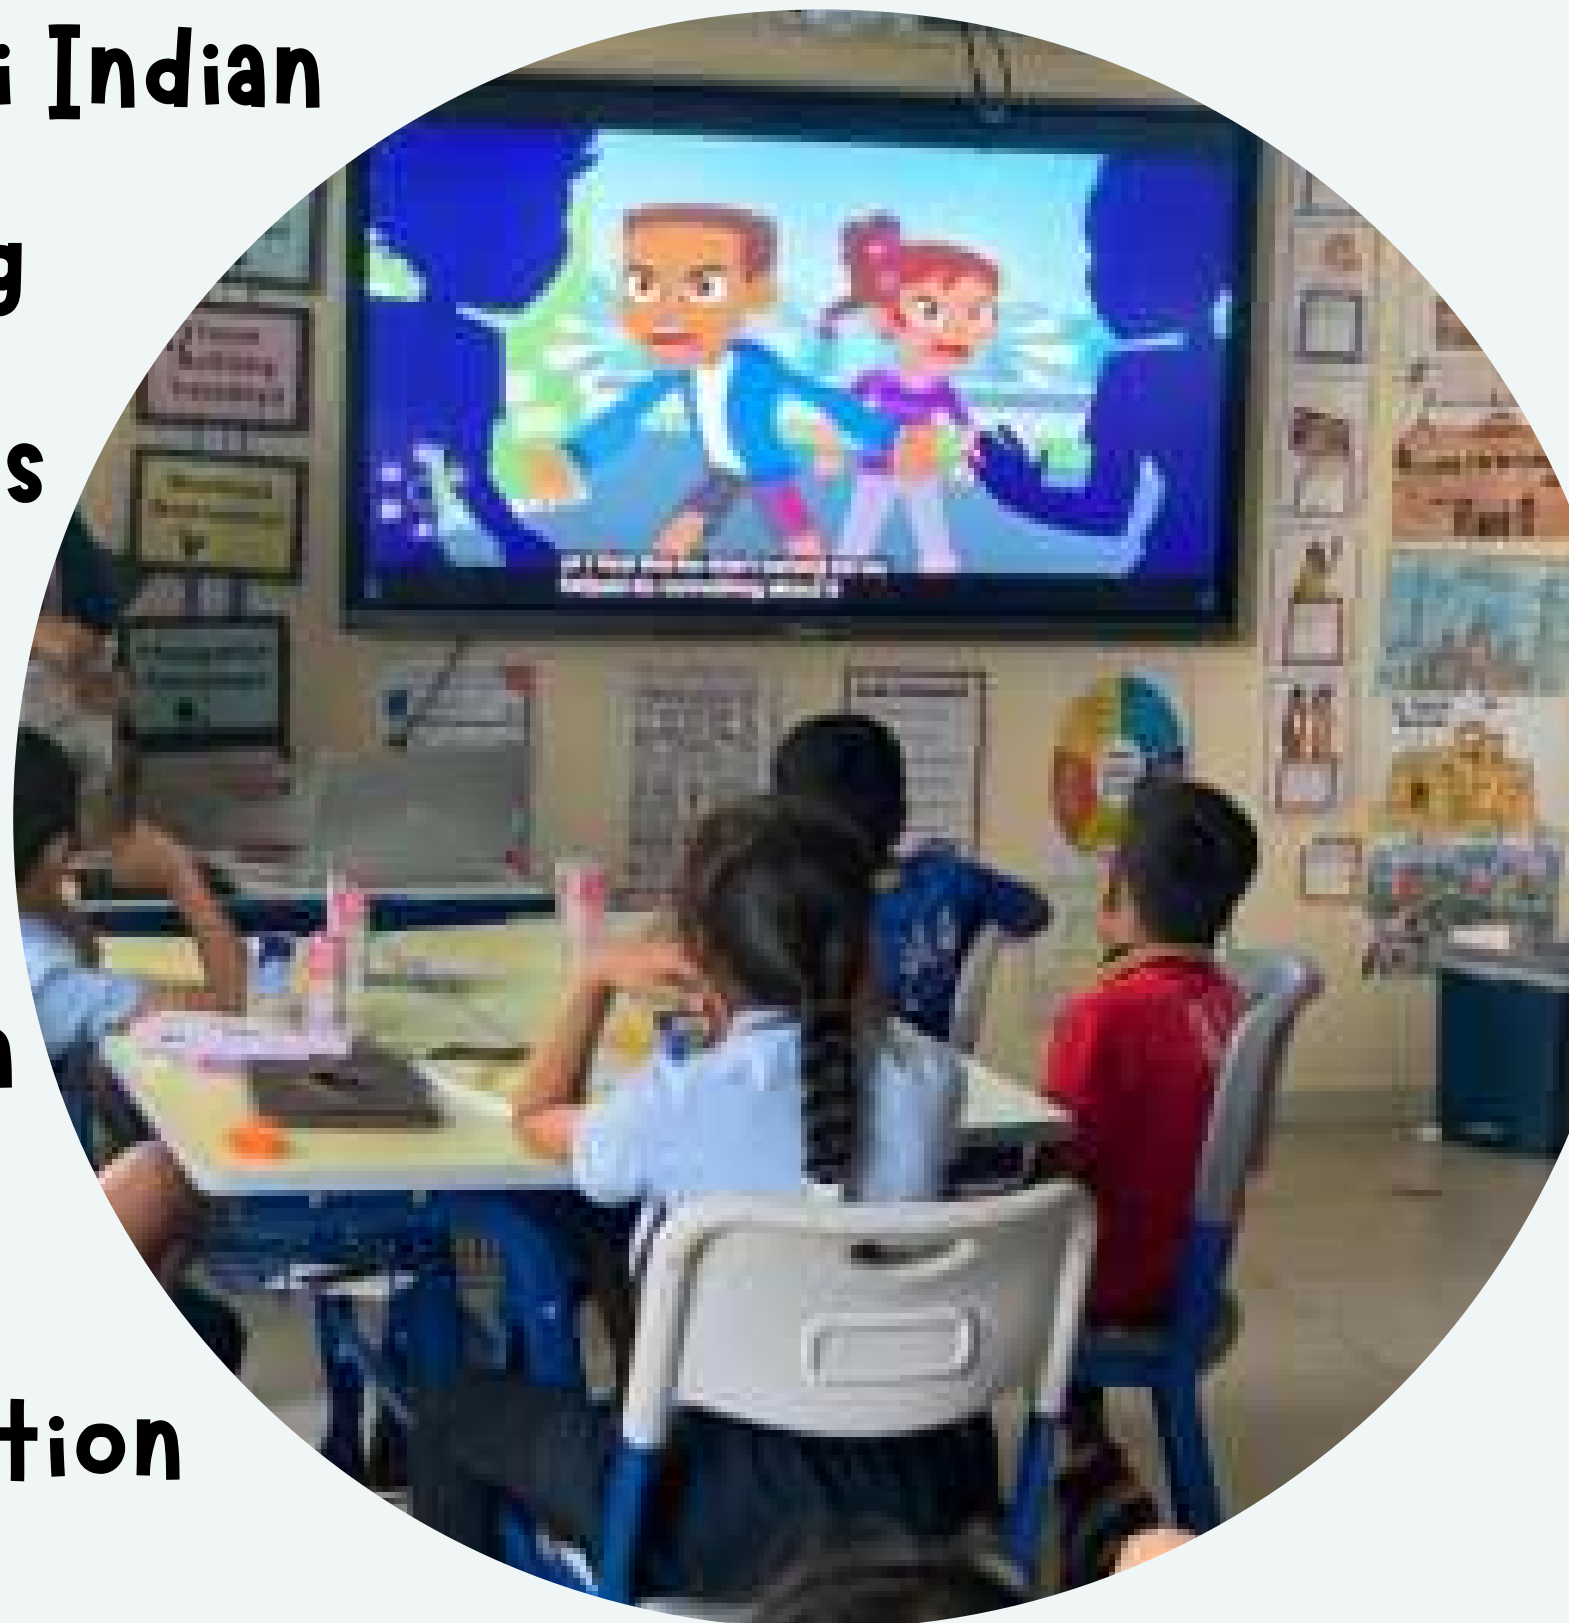

The celebration continued with a delicious lunch provided by the school, followed by a beautifully crafted cake from Malabar, which was a sweet treat enjoyed by all teachers.

To conclude the day, teachers gathered for a relaxing movie time, allowing everyone to unwind.

Anti Bullying

On 10th September 2024, Sabari Indian School organised an Anti-Bullying Awareness Day, engaging students from Grades 3 to 11 in a variety of educational activities. The event, conducted in collaboration with the SIS Student Council, aimed to promote bullying prevention and raise student awareness.

Class teachers led informative sessions, while students from Grades 3 to 5 participated by creating awareness posters, taking a pledge against bullying, and signing an Anti-Bullying Agreement.

For Grades 6 to 11, student council members led a session outlining its objectives and addressing key topics such as the definition of bullying, its various forms, its impact on students and also the contact person for reporting incidents.

Anti Vaping

12th September 2024, the SIS Student Council conducted an Anti-Vaping Campaign aimed at raising awareness about the harmful effects of vaping and discouraging students from engaging in this behavior. The campaign targeted students in Grades 6 to 11, focusing on educating them about the risks of vaping and encouraging healthier alternatives. The student council's presentation covered several key topics, including the nature of vaping, the harmful substances found in e-cigarettes, the health risks associated with vaping, and the legal consequences for individuals under 18 who use e-cigarettes.

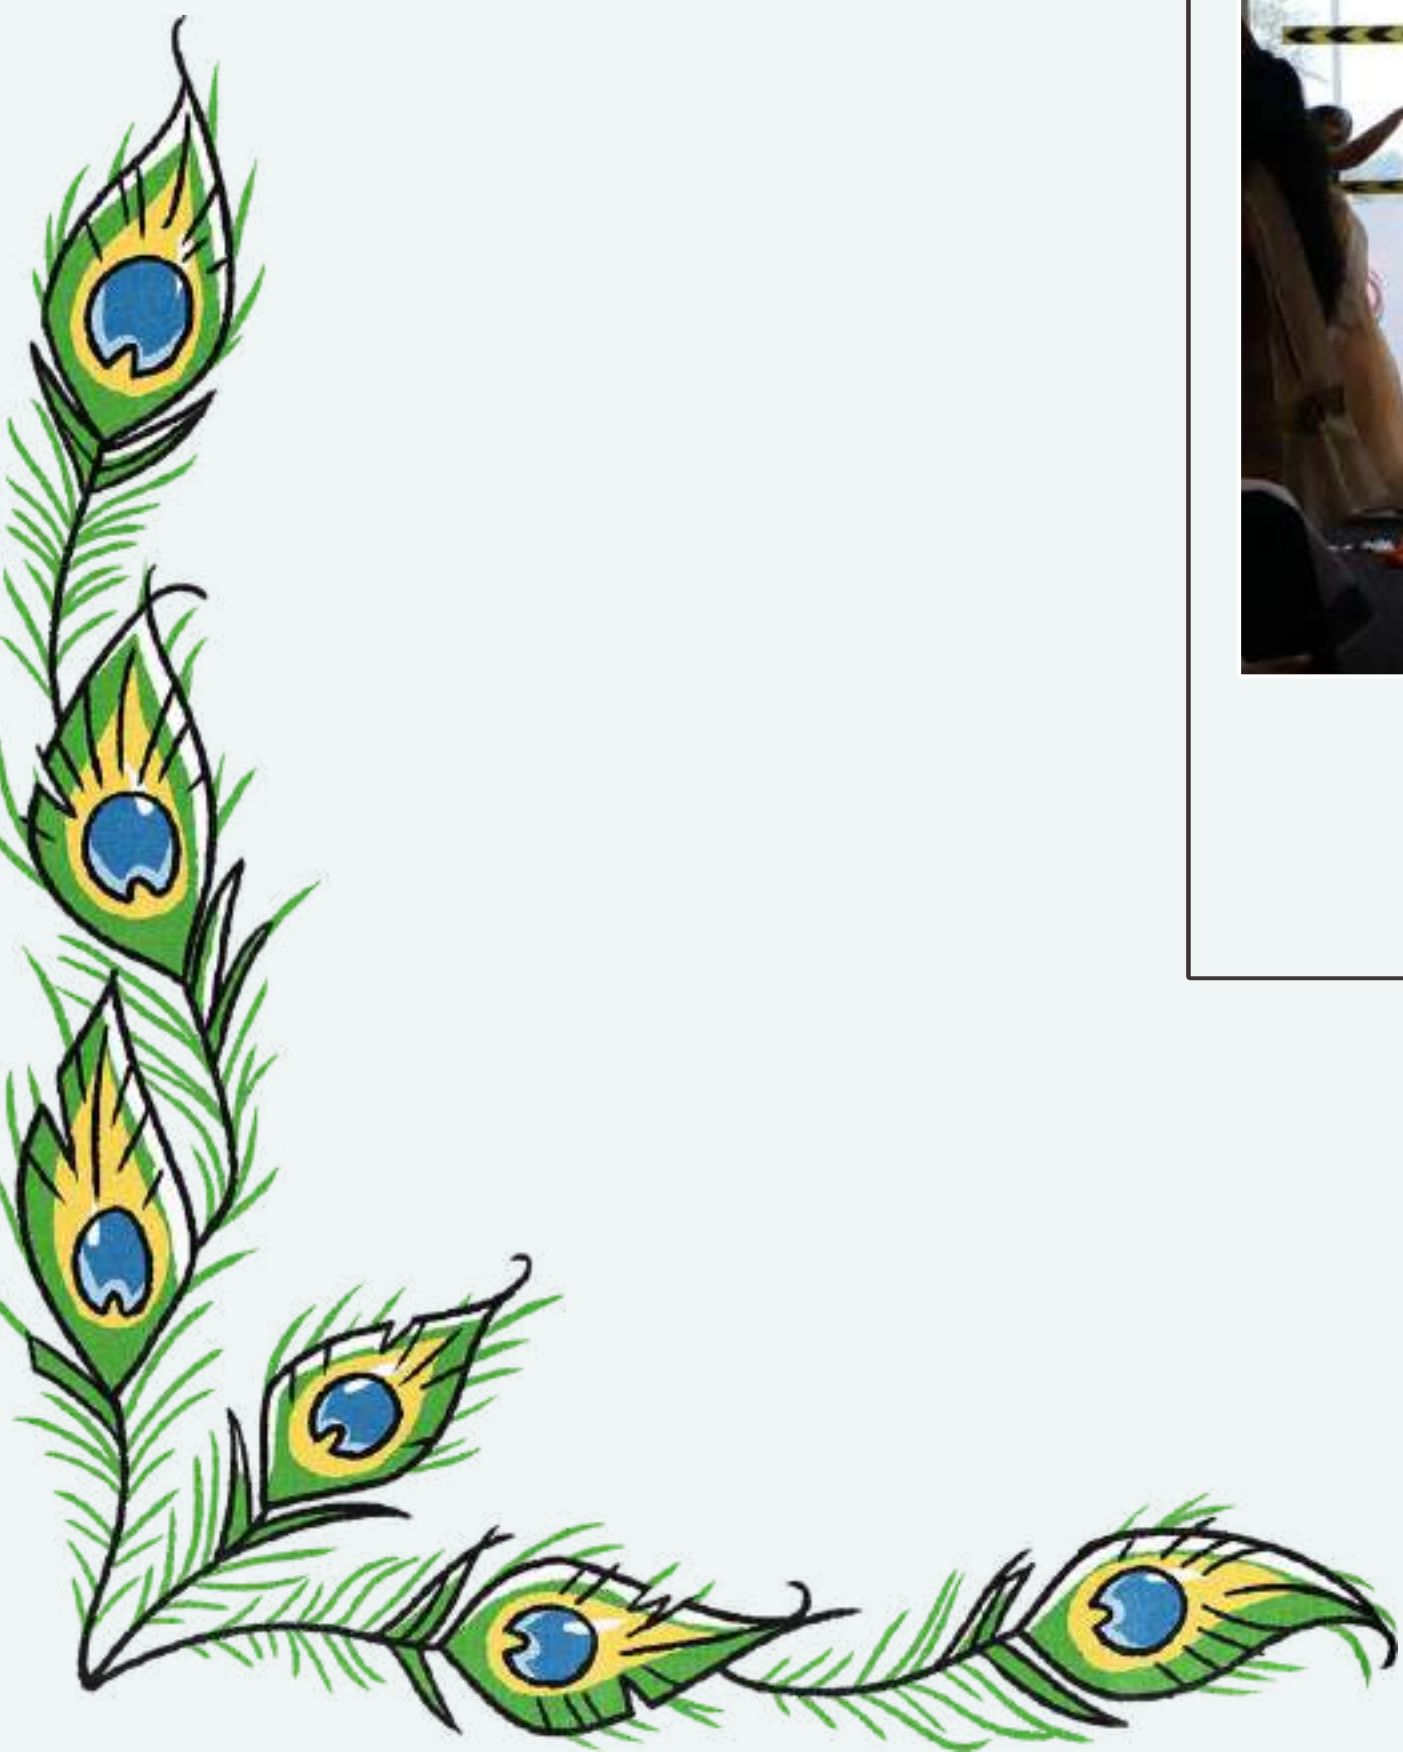

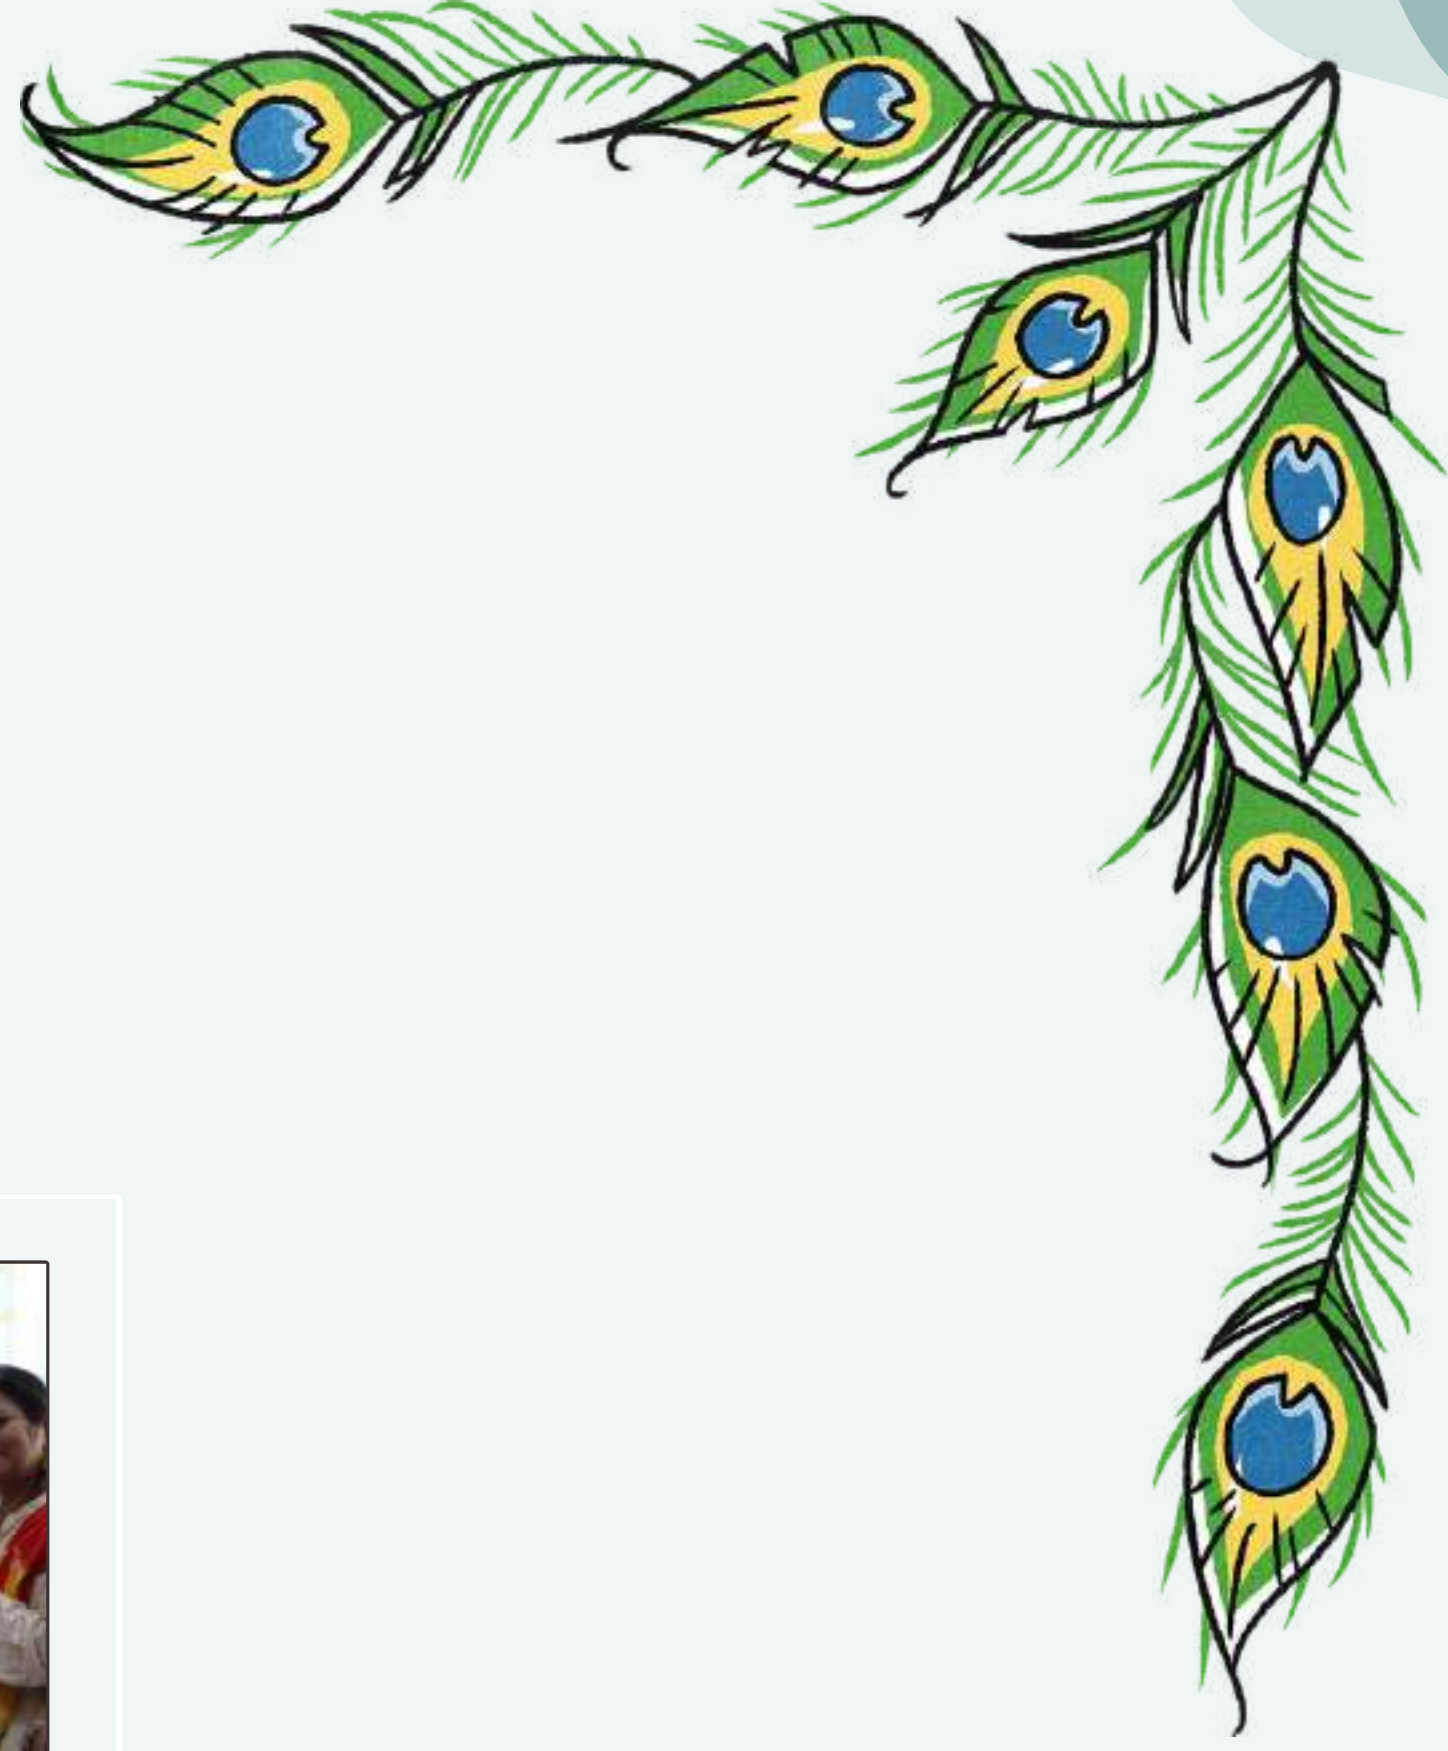

Onam Celebration

The Onam celebrations at our school this year were vibrant and filled with joy, bringing together teachers and staff in a spirit of unity and festivity. The day began with a beautifully designed Pookalam that symbolised the cultural essence of Onam. Teachers actively participated in its creation, adding their creativity to make it colourful and intricate.

The celebration was made even more special with various engaging activities and traditional games. Teachers enthusiastically took part in fun-filled games such as the "drinking challenge" and other team activities. The energy and laughter that echoed in the room were a testament to the strong bond among the staff.

The atmosphere was further enriched with traditional attire, lively conversations, and moments of camaraderie. The event successfully celebrated the values of teamwork, culture, and happiness, leaving everyone with cherished memories.

D Grade Seminar

On September 17th, 2024, a seminar by Simply Bottles was conducted at Sabari Indian School for students of Grades 6, 7, and 8, focusing on sustainable business practices. The seminar introduced students to Simply Bottles' eco-friendly initiatives, explaining how recycled plastic bottles are transformed into products like bags, t-shirts, and caps. Through interactive discussions and practical demonstrations, students gained insights into the entire production process, from recycling to the final product. The session sparked enthusiasm among students, who actively engaged with the content. Following the success of the seminar, future collaborations with Simply Bottles Dubai are planned, allowing students to explore sustainability further and potentially participate in hands-on recycling projects. Overall, the seminar was a valuable learning experience that deepened students' understanding of sustainability and innovative business solutions.

Social Enterprise Week

Sabari Indian School proudly hosted its inaugural Social Enterprise Fair on September 19, 2024, offering a vibrant platform for young innovators to present their socially conscious business ideas. With over 25 students from Grades 7 to 11 participating, the event showcased a variety of creative and impactful ventures through dynamic PowerPoint presentations.

The fair began with an inspiring speech by the Principal of Sabari Indian School, who highlighted the importance of social entrepreneurship in driving positive change. The Principal encouraged students to think innovatively and use their ideas to make meaningful contributions to society.

The event featured a wide array of innovative projects, including:

- **Eco-Friendly Initiatives: Concepts like recycling projects, sustainable farming, and eco-conscious product lines.**
- **Community Development Projects: Proposals addressing social issues such as poverty, illiteracy, and environmental challenges.**
- **Technological Innovations: Solutions such as educational apps and assistive devices for everyday problems.**

A panel of judges evaluated the projects based on creativity, feasibility, social impact, and presentation skills. After a thorough review, the top three participants were announced as winners:

- **Jake**
- **Arshad**
- **Saad**

Their outstanding projects and excellent presentation skills earned them accolades and recognition for their dedication to addressing social challenges.

Key Takeaways for Students

The Social Enterprise Fair offered numerous learning opportunities, including:

- **Entrepreneurial Skills:** Gaining insights into market research, business planning, and effective presentations.
- **Creativity and Innovation:** Encouragement to think outside the box and devise unique solutions to real-world problems.
- **Social Awareness:** A deeper understanding of pressing social issues and the importance of sustainable development.
- **Confidence Building:** Presenting ideas to a panel of judges helped enhance public speaking and communication skills.

Quantigma

Students from grades 3–11 displayed their enquiry, solving and innovative skills in the Learning Lounge on 9th September, 2023. Students from grades 3 to 11 were given wonderful displays of working model of science – Maths and AI integration.

All students actively participated and prepared with the charts and their model displays on

their topic including the application questions of it.

Grades 6–8 were given the models Automatic colour sensing metro, Fluid level indicator, Fuel fraud detector, Automatic water irrigation system, Burglar alarm, etc and Grades 9–11 worked on Maglev project, electric engine, Automatic cab service, and edge detector.

All the standees prepared by the student participants were arranged in the Learning lounge and all other students visited the exhibition area.

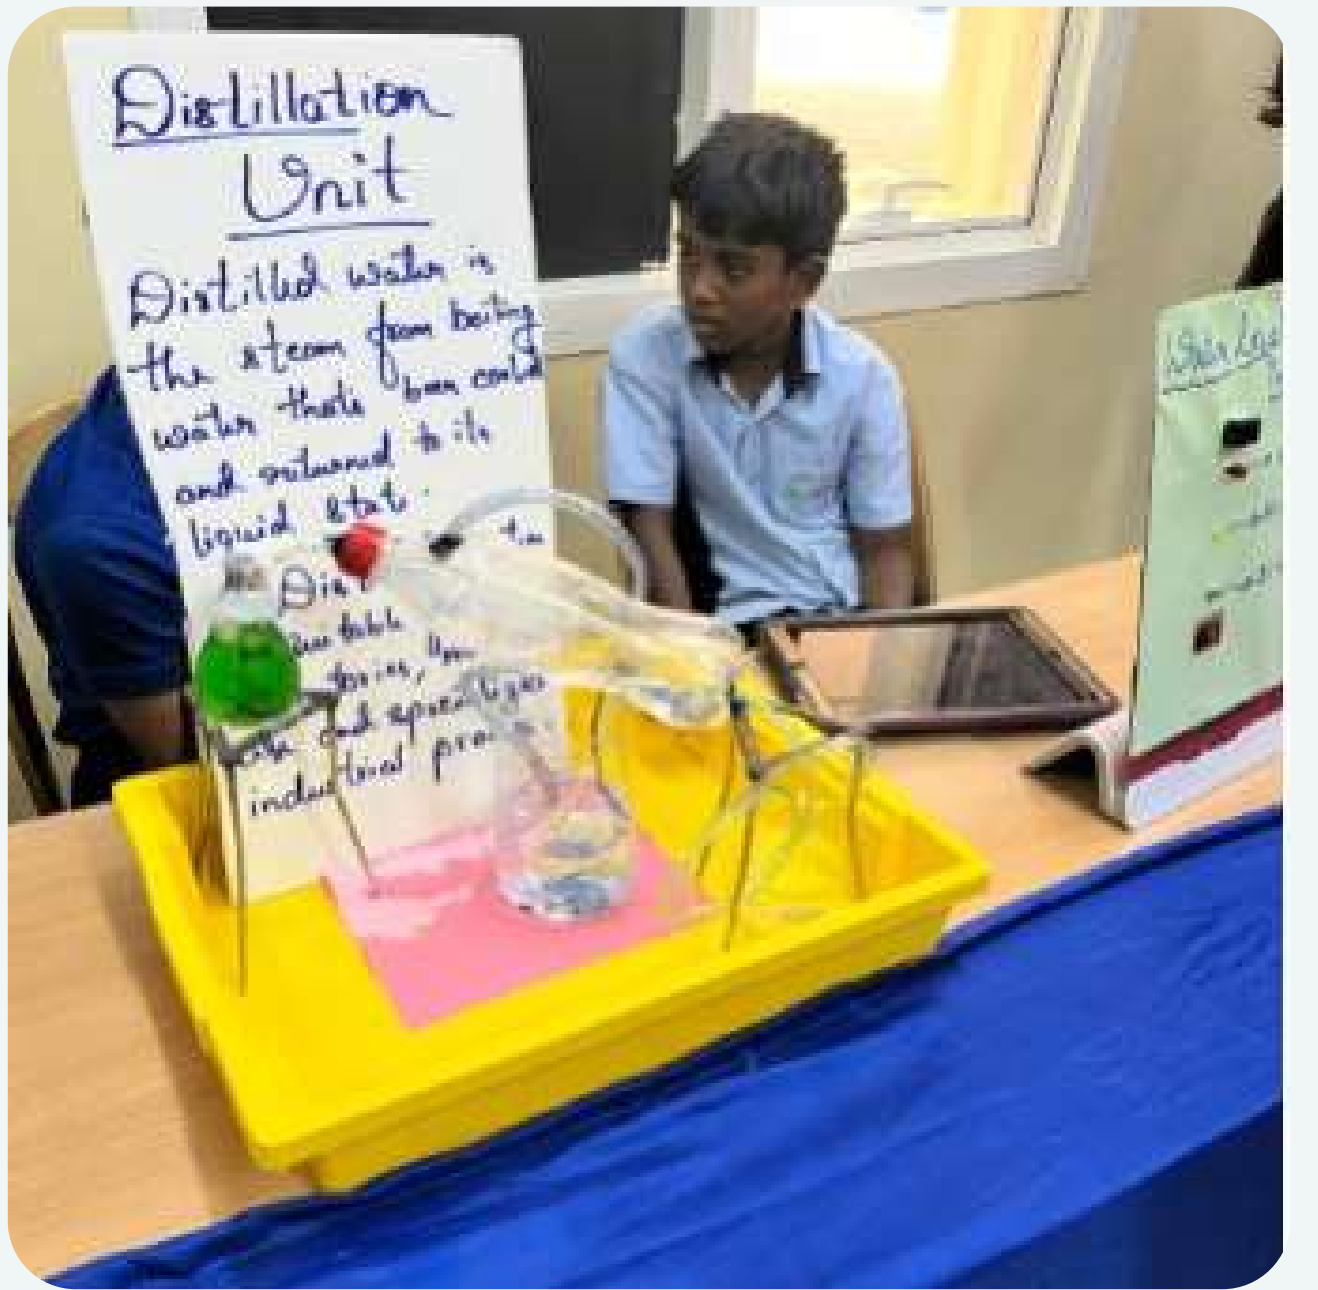

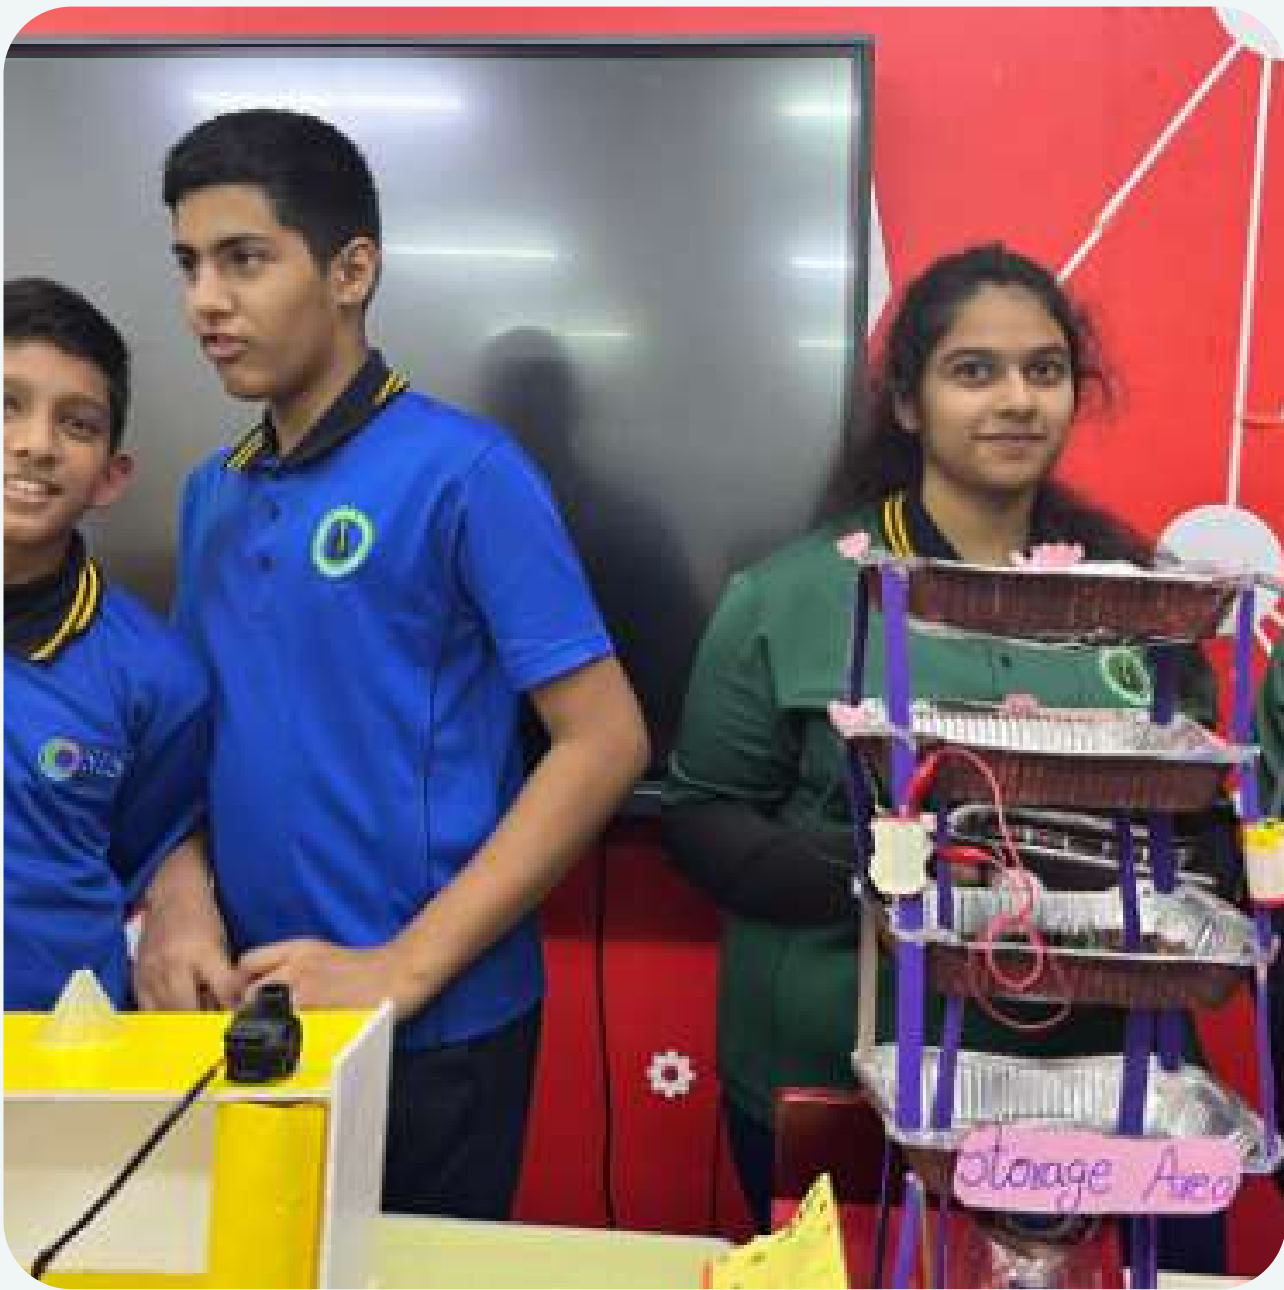

Student participants enthusiastically explained their working model to all the visitors.

Ms. Clara Martin, Principal inaugurated in an interesting and scientific way

Mr Dinesh, Assistant Principal (6-11), Ms Shabana, Assistant Principal (3-5) and Ms Alefiya, Head of Kinder garden section were on the judgement panel, visited and interacted with students of each model.

Ms Farmiya, Physics teacher (8-11) and Mr Ramesh, math teacher (6.7 and 11) along with Science department, Math department and AI department coordinated all the events and organized the Quantigma exhibition area in a very grand manner where all creative and innovative models displayed along with the joy of students with their knowledge on subjects.

Workshop- What- Which Where to Pursue My career

On October 3, 2024, a career guidance workshop titled "What-Which-Where to Pursue My Career After School" was conducted for the Grade 11 students at Sabari Indian School, Dubai. Led by the renowned career counselor, Mr. Ashish, the session aimed to equip students with the knowledge and tools necessary to make informed decisions about their future career paths.

Objectives of the Workshop

- 1. Introduce students to the wide range of career options available.**
- 2. Help students align career choices with their interests and strengths.**
- 3. Guide students in selecting the right educational institutions and courses**

Mr. Ashish opened the session by presenting a broad spectrum of career opportunities. He highlighted both traditional fields like engineering, medicine, and law, and emerging sectors such as artificial intelligence, data science, creative arts, and entrepreneurship. Students were encouraged to explore unconventional paths like digital marketing and social media management, fostering an open-minded approach to career selection in a rapidly evolving world.

The next segment focused on self-awareness and introspection. Mr. Ashish introduced tools such as career interest inventories, personality assessments, and aptitude tests. Through interactive exercises, students reflected on their favorite subjects, hobbies, and personal strengths. Case studies of individuals who successfully pursued unconventional careers emphasized the value of aligning career choices with personal passions rather than societal norms.

PINKTOBER

Sabari Indian School proudly celebrated its annual Pinktober 2024 event on October 4th, centered around the uplifting theme "Hope Blossoms." The day focused on raising cancer awareness through a range of creative and engaging activities, promoting unity, hope, and responsibility among students from Kindergarten to Grade 11.

The event kicked off in the assembly area with "Pink Spotlight," an engaging and informative skit presented by students in Grades 4 to 11. This performance highlighted the effects of cancer while underscoring the significance of awareness, support, and hope. It effectively set the day's tone, leaving a lasting impression on the audience and reinforcing the event's powerful theme.

After the assembly, the Stride in Pink Walk saw students from Grades 4 to 11 walking together in solidarity, holding banners that carried powerful cancer awareness messages. The walk culminated in a symbolic moment where students formed a giant pink ribbon, representing their collective fight against cancer. This unity was further strengthened during Ribbon Unite, where the pink ribbon formation became a visual emblem of hope and support.

Sabari Indian School proudly held its annual Pinktober 2024 event on October 4th, themed "Hope Blossoms." The day was dedicated to raising cancer awareness through a variety of creative and engaging activities, fostering unity, hope, and responsibility among students from Kindergarten to Grade 11. The event began in the assembly area with "Pink Spotlight," an informative skit performed by students in Grades 4 to 11. This performance illustrated the impact of cancer while emphasizing the importance of awareness, support, and hope, effectively setting the tone for the day and leaving a lasting impression on the audience.

Following the assembly, the Stride in Pink Walk brought together students from Grades 4 to 11, who marched in solidarity while holding banners displaying powerful messages about cancer awareness. The walk concluded with a poignant moment as students formed a giant pink ribbon, symbolising their united fight against cancer. This sense of unity was further enhanced during Ribbon Unite, where the pink ribbon formation served as a visual symbol of hope and support.

International Fasih Al-Dhād Speaking Competition

The Fasih Al-Dhad International Speaking Competition

Our school, Sabri Indian Private School in Dubai, participated in the Fasih Al-Dhad International Speaking Competition on October 28, 2024. The competition was organized by APT International Examinations Company and featured over 365 schools from across the Arab world, including countries such as Egypt, Syria, Saudi Arabia, Qatar, Bahrain, and others.

The competition was divided into four categories:

- Category 1: Grades 1–3**
- Category 2: Grades 4–6**
- Category 3: Grades 7–9**
- Category 4: Grades 10**

The event was conducted online and included three topics. Participants spoke for 3 minutes on each topic, demonstrating their mastery of Arabic grammar and coherence of ideas in a single topic.

From Category 4, Belqis Khair, a Grade 10 student, won the competition.

A prize distribution ceremony was held at Mövenpick Hotel Dubai, attended by:

- Mr. Steven, Director of the Knowledge Authority in Ras Al Khaimah
- Mr. Fares Al-Khuzraji, Quality Manager of Bloom Education Group
- Mr. Mohammed Jamal
- Mohammed, APT International
- Examinations Representative

Pravasi Sahityotsav

The Pravasi Sahityotsav 2024, organized by Kalalayam Samskarika Vedi, was held on 15th October at the prestigious Gulf Indian Model School. This vibrant event was a remarkable celebration of Indian literature, culture, and heritage, aiming to unite members of the Indian diaspora and promote cultural appreciation through diverse literary expressions.

Students from various schools showcased their talents in an atmosphere filled with creativity and inspiration. Aimed at fostering a deeper connection with Indian traditions while promoting linguistic and artistic excellence, the festival offered a platform for young minds to engage in intellectual and creative pursuits.

A total of 15 students from our school participated in this esteemed festival under the Junior and Senior categories. They competed in events such as English Elocution, Story Writing, Social Tweet, Poem Writing, and Pencil Drawing. Our students displayed outstanding performances, with many securing 1st and 2nd positions in their respective categories.

The festival was more than just a competition—it was a journey of self-expression and discovery. Events like these play a pivotal role in students' holistic development by honing their critical thinking, creativity, and communication skills. They also encourage a sense of camaraderie and cultural pride among young participants.

The Pravasi Sahityotsav 2024 was a testament to the power of literature in connecting individuals across boundaries while fostering a deeper appreciation for India's rich heritage.

University Fair

The Indian University Fair was held on November 6, 2024, at Sabari Indian School, Dubai, for students of Grades 9 to 11. Organised to connect students with diverse educational opportunities, the event brought together representatives from nearly 12 of India's most renowned universities.

This fair provided an enriching platform for students to explore undergraduate and postgraduate programs across various fields. Attendees gained valuable insights into stream selection, admission requirements, career prospects, internships, and hostel facilities. University representatives actively engaged with students and parents, addressing queries and offering tailored advice to guide them in aligning their academic interests with career aspirations.

The interactive sessions inspired students to think critically about their future while providing clarity on scholarships, global exposure opportunities, and the application process.

By connecting directly with university representatives, students received personalised guidance, helping them make well informed decisions about their educational journeys. The event saw enthusiastic participation from students and parents, who appreciated the chance to interact with prestigious institutions. Key outcomes of the event included:

- Exploration of diverse academic programs and career pathways.**
- Direct interaction with university representatives for personalised advice.**
- Enhanced understanding of admissions, scholarships, and internship opportunities.**
- Increased confidence in making informed decisions about higher education.**

Overall, the Indian University Fair was a resounding success, leaving participants inspired, informed, and better equipped to navigate their academic futures.

List of universities attended:

1. Indian Maritime University
2. Thapar Deemed University Punjab India
3. Mahindra University Hyderabad India
4. Woxsen University Hyderabad India
5. Vivekanandha Global University Rajasthan India
6. Christ University Bangalore, Delhi India
7. DY Patil University Pune India
8. SRM Institute of Science and technology India
9. Christ University Pune
10. Acharya Institute Bangalore
11. Jaipur National University Dubai
12. BITS Pilani, Dubai

Student Testimonials :

"The career fair at SIS was a great opportunity for me. The university showcased a wide range of courses, giving me the chance to explore and select a career that truly aligns with my interests. It was incredibly helpful, and I felt confident in making my decision. I was also excited to learn that they offer internships, which makes the entire experience even more valuable". – Batul, 11A

"The University Fair was an incredibly insightful experience that allowed me to explore a wide range of opportunities in India. It encouraged me to reflect deeply on my career goals and the steps needed to achieve them. Thanks to SIS, I now feel more confident and prepared to embark on my future path." –Delisha, Grade 10 A

"I have come across many Indian universities that offer a wide variety of courses and electives, allowing students to choose based on their interests. What stands out is how these universities focus on preparing students for the real world by providing internships and projects. This practical exposure is crucial for developing the skills we need for the future". – Jennifer, 11 A

"The career fair was a fantastic opportunity for me to explore various career paths in the science field, including MBBS, Engineering, Biotechnology, and more. I also received valuable advice on how to proceed with my applications, which has given me clear guidance and helped me plan my next steps". – Sreenitilesh 11 A

**"The University Fair at our school was an incredible experience. It offered us detailed information about a wide range of courses, including BBA, ACCA, and Mechanical Engineering in India. Not only did we gain insights into the different fields, but we also learned about the steps to take as we plan our future studies. The fair provided clear guidance on application processes, scholarships, and career prospects, which helped me feel more confident about the choices ahead. It was truly an eye-opening event that has inspired me to make well-informed decisions for my academic and professional future."
– Ahmad Asfar, Grade 11**

MDXplorer

On November 26, 2024, Sabari Indian School had the privilege of hosting MDXplorer, an outreach program by Middlesex University, Dubai. It was an incredible opportunity for our Grade 9 to 11 students to engage in a variety of interactive and enriching activities. These included advertising a product, exploring Virtual Reality, participating in memory games, designing product logos, taking personality tests, and enjoying a fun spin-the-wheel game. Students were thrilled to win exciting prizes from the ball pit, making the experience both educational and entertaining.

The MDXplorer outreach program provided an excellent platform for career exploration. Through interactive and engaging activities, students from Grades 9 to 11 were introduced to diverse career possibilities and skill-building opportunities. They gained insights into fields like marketing, design, and technology, as well as an understanding of their own strengths and interests through activities such as product advertising, logo designing, and personality assessments. This program not only encouraged creative and critical thinking but also offered a glimpse into the dynamic world of higher education and future career paths, inspiring students to explore their potential.

Student Led Conference

The student-led conference held at Sabari Indian School was a resounding success, marking a significant milestone in the students' journey of learning and growth. The event, centered around the theme, "Transdisciplinary themes for the term," provided a platform for students to showcase their understanding of various concepts, particularly focusing on "Sharing the Planet," "Who We Are," and "How We Organize Ourselves."

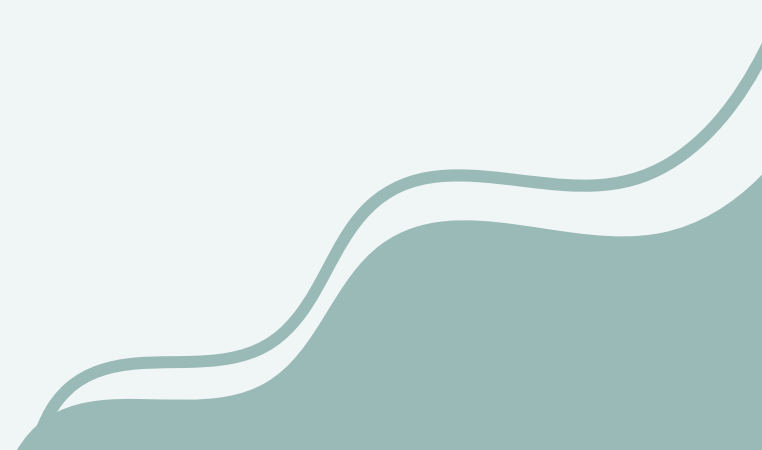

Key Highlights:

- 1. Student Presentations:** Students presented their prototypes, which served as visual representations of their learning, demonstrating their deep understanding and inquiry-based approach to the concepts. The thoughtfully crafted displays showcased their ability to connect the theoretical with practical applications.
- 2. Parent-Student Interaction:** A notable aspect of the event was the opportunity for students to present their learning to their parents. This allowed for a meaningful exchange of ideas, as students shared their experiences, discoveries, and insights with their families, reinforcing the importance of collaborative learning.
- 3. Inquiry-Based Learning:** The student-led conference exemplified the school's commitment to inquiry-based learning, encouraging students to think critically, explore questions, and develop solutions. The presentations highlighted the students' ability to engage in deep learning, making connections between ideas, and applying theoretical knowledge in practical

The student-led conference not only marked a significant academic milestone but also served as a testament to the school's commitment to providing a student-centered educational experience. The event's success can be attributed to the students' dedication, creativity, and willingness to learn. The conference provided a unique platform for students to share their learning with their parents, fostering a sense of community and collaboration.

Recommendations:

- 1. Regular Student-Led Conferences: Consider holding regular student-led conferences to provide students with ongoing opportunities to showcase their learning and engage in meaningful discussions with their peers and families.**
 - 2. Interdisciplinary Learning: Encourage students to explore interdisciplinary connections and approaches to learning, promoting a deeper understanding of complex concepts and fostering a more comprehensive educational experience.**
- 

3. Parental Involvement: Engage with parents through regular updates and feedback, encouraging them to participate in their child's learning journey and providing them with opportunities to contribute to the school's educational programs.

The student-led conference held at Sabari Indian School on 27th November was a resounding success, demonstrating the school's commitment to student-centered learning, interdisciplinary education, and collaborative community building. The event showcased the students' depth of understanding, creativity, and critical thinking, providing a valuable learning experience for all participants.

PODCAST

As part of the recently concluded student-led conference, students of Grade 11 at Sabari Indian School presented an innovative and engaging live podcast that explored the intriguing comparisons between Generation Z (Gen Z) and Millennials. The podcast was structured into four dynamic segments: Lifestyle, Career Choices, Entertainment, and Cultures and Traditions. This unique format not only highlighted the students' communication skills but also demonstrated their ability to engage with contemporary societal topics that resonate with both their peers and the wider community

- 1. Lifestyle:** The first segment delved into the distinct lifestyles of Gen Z and Millennials, discussing how technology, social media, and environmental consciousness shape their daily lives. The students highlighted differences in social interactions, health consciousness, and leisure activities, providing insights into how each generation approaches living and well-being.
- 2. Career Choices:** In the second segment, students examined the evolving career landscapes for both generations. They discussed the significance of work-life balance versus career ambition, differences in job preferences, and the impact of gig economies. Insights were drawn from interviews and surveys conducted among peers, showcasing real-world opinions and aspirations regarding future careers.
- 3. Entertainment:** The third segment focused on entertainment preferences, analyzing how both generations consume media. The students compared traditional media outlets to current streaming platforms, discussing trends in music, movies, and digital content creation. They considered how shifts in technology influence what and how different

generations enjoy entertainment.

4. Cultures and Traditions:The final segment explored the cultural values and traditions maintained or transformed by both generations. The students discussed the importance of cultural heritage and how globalization and social movements have impacted cultural expressions and practices, inviting thoughtful reflection on identity and belonging.

Conclusion:

The live podcast was a tremendous success, not only as a platform for student expression but also as a means of highlighting critical societal discussions relevant to today's youth. The Grade 11 students demonstrated creativity, analytical thinking, and effective communication skills throughout the presentation. Their ability to engage with complex topics and share diverse perspectives made the podcast an entertaining and enlightening experience for attendees.

Extravaganza Carnival

The annual school carnival, held on December 7th, was a vibrant and joyous event, bringing together students, parents, and staff in a celebration of fun and community. This year's carnival was particularly special as it coincided with the birthday celebration of our lovely CEO Mr. Raza Khan, making the occasion even more festive and memorable.

The students of Grades 9 and 11 organised an array of exciting game stalls, which became the highlight of the event. These stalls showcased their creativity and enthusiasm, drawing large crowds throughout the day. Some of the most popular game stalls included:

Grade 9 Stalls:

- **Ring Toss:** Participants tried their luck at throwing rings onto pegs to win prizes.
- **Hit the Target:** A fun game where participants aimed to knock down cans using a ball.

- **Spin the Wheel:** Visitors spun a wheel to win exciting small prizes.

Grade 11 Stalls:

- **Lucky Dip:** A suspenseful game where participants selected random items from a covered box.
- **Balloon Popping:** Players popped balloons with darts to uncover hidden surprises.
- **Cup stacking:** Players stacked cups making a pyramid out of them and if they stacked them in time they get a prize.

These stalls were buzzing with energy as parents, students, and even teachers joined in to test their skills and luck, earning small prizes that added to the excitement.

The main stage program was the centerpiece of the carnival. The celebration began with a welcome address and a special tribute to the school's CEO, whose birthday was marked with a grand cake-cutting ceremony. Students presented a heartfelt skit illustrating the CEO's contributions to the school's success, followed by a series of performances, including dance routines and solo singing acts, later on there were games hosted by Mr Amit that awarded big prizes.

Parents actively participated in various games and competitions, including a high-energy "Musical Chairs" contest, which drew loud cheers from the crowd. Their involvement and cheerful spirit significantly added to the festive atmosphere.

The school carnival was a delightful event filled with laughter, camaraderie, and excitement. The students of Grades 9 and 11 deserve special recognition for their outstanding efforts in organising the game stalls, which brought joy to all attendees. The celebration left everyone eagerly anticipating the next carnival, fostering a strong sense of community and pride within the school.

Aqua Adventure

Grade 8-11

On December 10th, Grades 8 to 11 enjoyed an exhilarating field trip to Atlantis Aqua adventure Water Park. The day was packed with laughter, adventure, and bonding, offering students a perfect escape from their routine.

- **The Lazy River:** A favorite for relaxation, where students floated along scenic waterways, laughing and chatting with friends.

- **Thrill Rides:** Adrenaline seekers tackled rides like the Leap of Faith and Poseidon's Revenge, with many braving multiple rounds.

- **Wave Pool Fun:** The wave pool brought everyone together, featuring playful water games and attempts at "surfing."

- **Lunch Break:** Students refueled with a delicious meal, a

- handcrafted burger with sides and

- a drink • **Team Activities:** Groups

- organised friendly races and obstacle

- challenges, fostering teamwork and camaraderie.

- **Beach Relaxation:** The day ended on a serene note, with students building sandcastles, playing volleyball, or simply soaking up the sun.

The field trip wasn't just about fun; it also highlighted the students' teamwork, responsibility, and mutual respect. From thrilling slides to relaxing on the beach, the day provided a balance of adventure and leisure, leaving everyone with cherished memories.

The visit to Atlantis Aqua adventure was a tremendous success and will undoubtedly be remembered as one of the year's most exciting events. Students returned home with tired feet, full hearts, and stories to share for weeks to come!

Wild Wadi

Grade 5-8

Students from Grades 8 to 11 had an unforgettable day of fun and adventure at Wild Wadi Water Park. The field trip was filled with thrilling rides, group activities, and moments of relaxation, offering a perfect blend of excitement and bonding.

Juha's Journey:

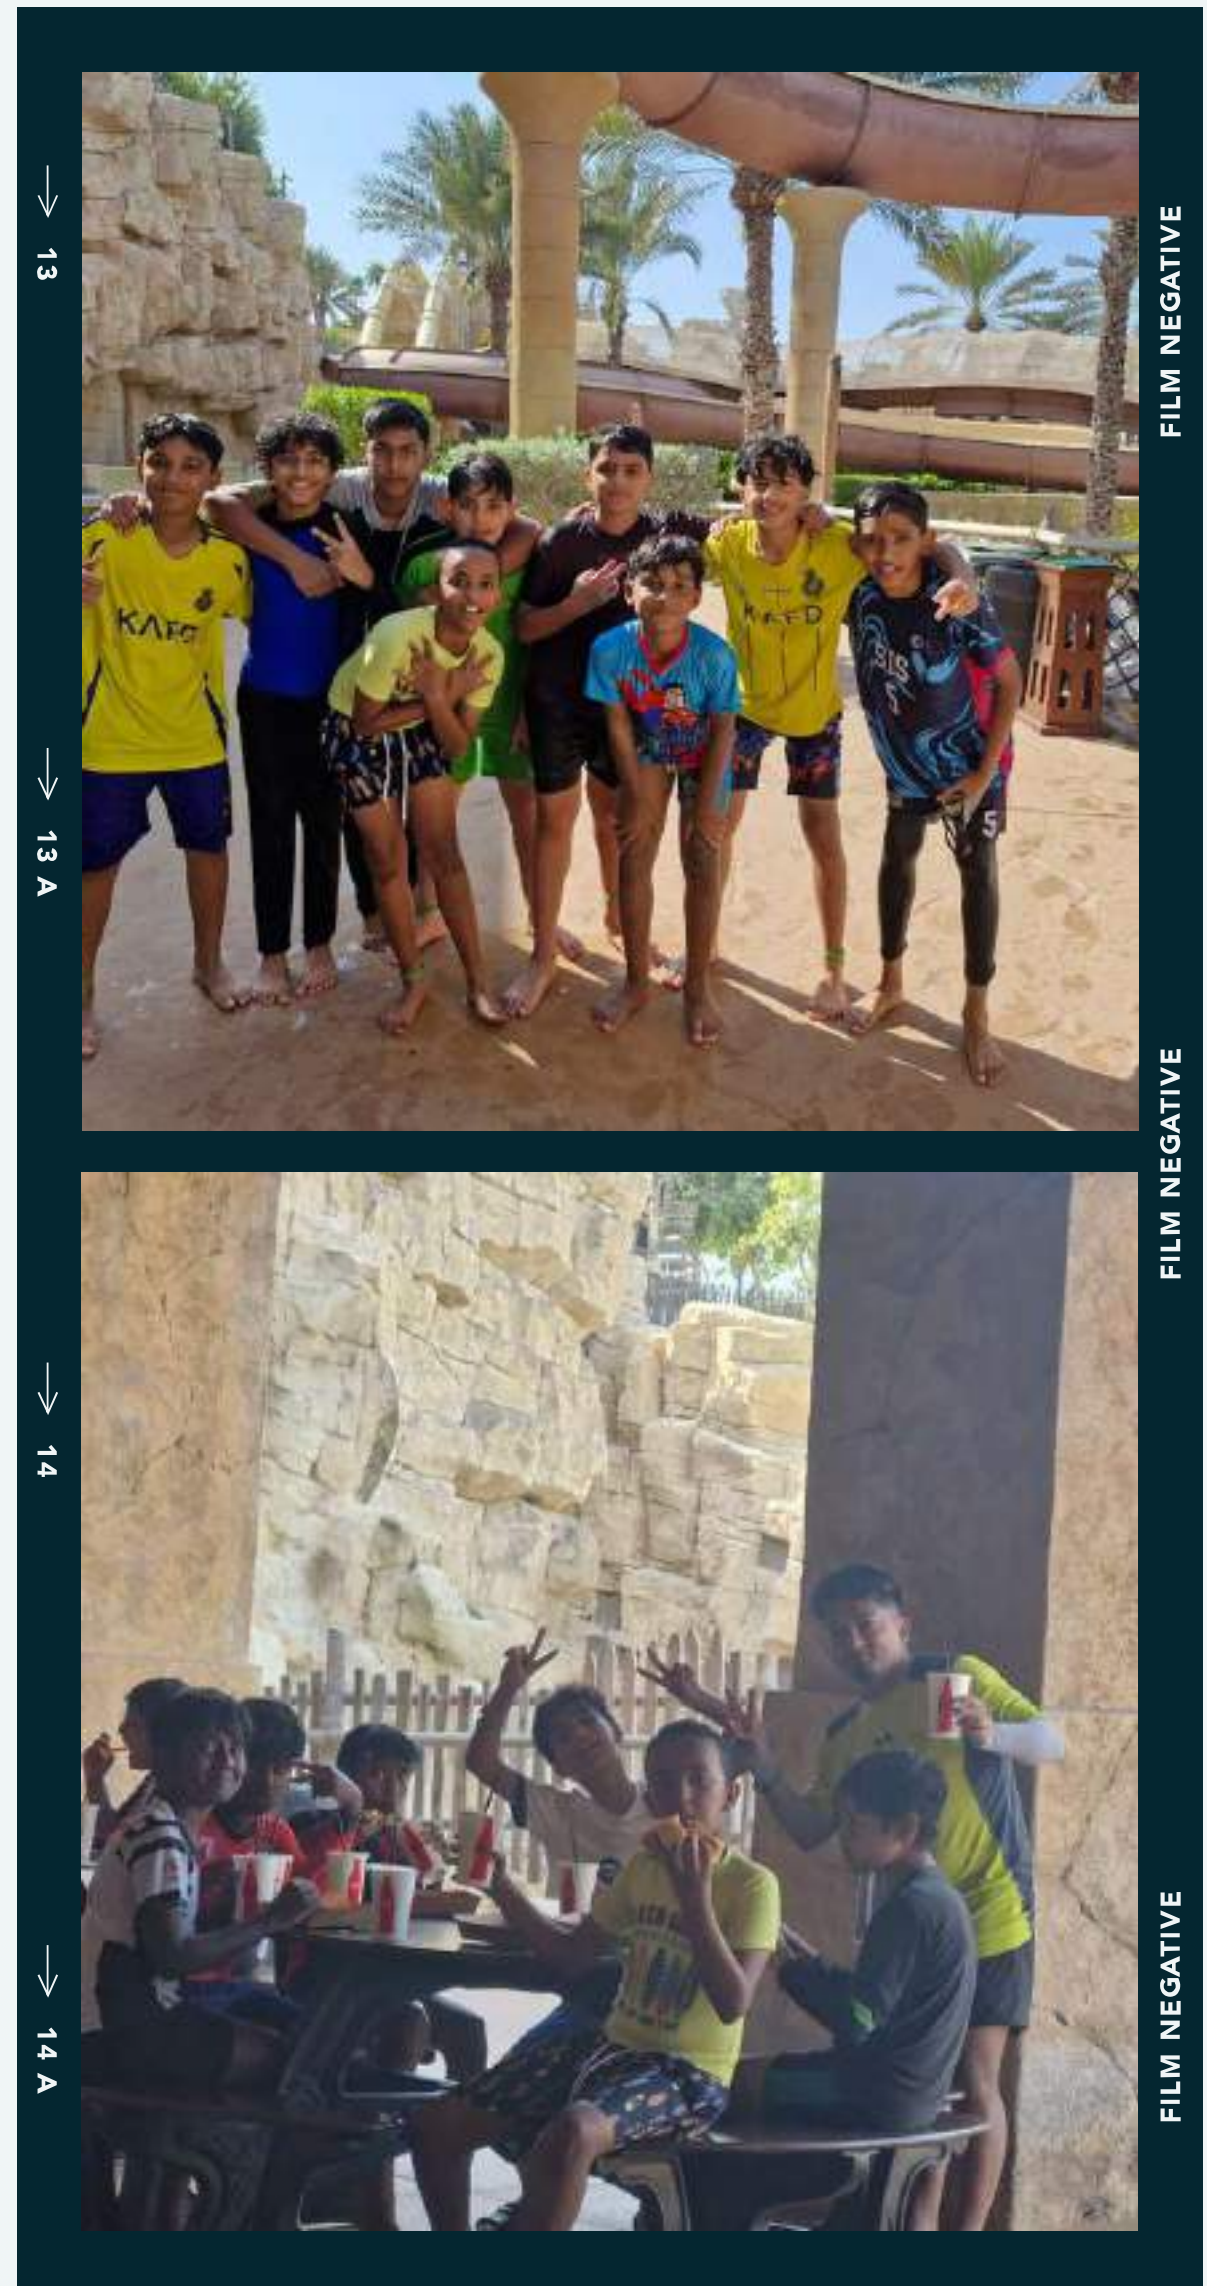

- A relaxing ride through the scenic lazy river allowed students to unwind and enjoy lighthearted conversations with friends.
- Adrenaline-Pumping Rides:
- Thrill-seekers tackled iconic rides like the Jumeirah Sceirah, Tantrum Alley, and Burj Surj, with students queuing up for repeat rounds of excitement.
- Wave Pool Fun:
- The Breaker's Bay wave pool was a hub of activity as students splashed, played water games, and attempted to ride the waves.
- Lunch Break:
- A hearty lunch of grilled sandwiches, fresh salads, and refreshing drinks energized the group for the rest of the day's adventures.

Beachfront Relaxation:

- The day concluded with students lounging by the beach area, engaging in games like volleyball, building sandcastles, or simply enjoying the serene surroundings.

Conclusion

The field trip to Wild Wadi Water Park provided students with a memorable day of thrills, relaxation, and bonding. The experience not only offered a refreshing break from the usual routine but also strengthened friendships and fostered teamwork.

Journey Through India's Past

On January 10, 2025, Sabari Indian School engaged Grade 5 students (Sections A, B, and C) in a unique interdisciplinary learning experience that brought history to life. The session began with a movie on India's freedom struggle, followed by student-led analysis and the creation of an original English play. Culminating in a dynamic dance drama reimagining events like the Revolt of 1857, the initiative, under the theme "How We Express Ourselves," fostered creativity, historical understanding, and artistic expression. This holistic approach enriched students' skills and deepened their connection to India's heritage.

Good Luck Gala

The day began with an exciting treasure hunt, where students searched for crowns with special names, trying to match them to the right person. Adding to the thrill, each student received a numbered card for upcoming activities.

The event officially started with a heartfelt poem recitation by Aqsa, setting a thoughtful tone. Our enthusiastic hosts, Naman and Krish, then welcomed Raed and Zoha, the masked game masters, who kicked off the first activity—Mingle, a lively icebreaker.

Next, the stage lit up with vibrant dance performances—first by the girls, followed by the boys' energetic Lungi Dance. The excitement continued with a unique twist on the classic Red Light, Green Light game, where students had to freeze and strike a funny face whenever the light turned red, leading to endless laughter.

A deeply moving moment followed as students watched a touching video montage of their journey, followed by an emotional tribute to their parents, leaving many with teary eyes and warm hearts.

To conclude the event on a celebratory note, a cake-cutting ceremony took place, preceded by inspiring speeches from Delisha and Clara Ma'am, expressing gratitude and appreciation.

Buddies Night Out

The Buddies Night Out was a well-structured and engaging event that provided students with a memorable experience filled with various activities. Upon arrival, students were assigned their designated rooms, with boys staying on the first floor and girls on the ground floor. This helped in organizing resources efficiently and ensuring a smooth stay for all participants.

A campfire was organised where students enjoyed snacks, played games like antakshari and dumb charades, and bonded over music and conversations. A DJ session followed, keeping the energy high with dance and entertainment before dinner was served separately for different grade groups.

The night concluded with a movie screening, after which students prepared for bedtime. Early in the morning, they freshened up and participated in yoga and zumba sessions to start the day on an energetic note. The event wrapped up with a final breakfast gathering, after which students dispersed, bringing an end to a successful and fun-filled Buddies Night Out.

National Nutrition Day

The assembly began with a solemn Quran recitation and translation by Ayan and Ahmed, followed by Saanvi's reflection on the importance of a healthy diet and lifestyle, emphasizing balance and moderation. Grade 5 Bonds students performed a skit highlighting diseases from nutrient deficiencies, raising awareness about proper nutrition. Key nutrients were discussed:

- ****Fruits and Vegetables****: Rich in vitamins, minerals, and fiber.
- ****Cereals****: Good source of carbohydrates and B vitamins.
- ****Nuts****: Packed with healthy fats and protein.
- ****Fish****: High in omega-3 fatty acids and protein.
- ****Meat****: Provides essential protein and iron.
- ****Eggs****: Source of lean protein and vital vitamins.
- ****Dairy Products****: Source of calcium and vitamin D.

The skit concluded with Naina, acting as a doctor, explaining a balanced food plate. Students then created a healthy food plate using props to reinforce balanced eating concepts. Principal Ms. Clara discussed nutrition's importance, encouraging healthy eating habits. The assembly effectively conveyed its message, prompting students to reflect and apply balanced diet principles in their lives.

To conclude the assembly, students created a healthy food plate using props. This interactive exercise helped reinforce the concept of balanced eating by visually demonstrating how to combine different food groups into a nutritious meal. After that, Ms. Clara our respected Principal ma'am interacted with the students about the importance of nutrition. Her speech complemented the earlier skit and encouraged adopting healthy eating habits. The message of the assembly was successfully delivered and received by the audience. The assembly ended with a smooth dispersal. Students were encouraged to reflect on the message of the assembly and apply the principles of a balanced diet in their daily lives.

Literacy Day

The assembly commenced with a warm greeting from the hosts, who introduced the theme of International Literacy Day. They highlighted the importance of literacy as not merely reading and writing, but as a foundation for lifelong learning and personal empowerment.

Hasham and Aakif recited verses from the Holy Quran, followed by a translation that emphasized the significance of knowledge and wisdom. This recitation set a reflective tone for the assembly, underscoring the value of pursuing knowledge.

Yaseen shared an inspiring thought: "Literacy is the bridge from misery to hope," reinforcing the assembly's message. He elaborated on the essential role of literacy in daily life, the achievement of development goals, and the transformation of lives. His remarks encouraged students to embrace reading and learning as avenues for personal growth.

The centerpiece of the assembly was the skit titled "The Library Adventure," creatively showcasing the joy of reading and the wonders of a library. The story followed four friends (Disha, Hasham, Frew, Jayesh) who discovered a magical book in their school library that transported them into various literary worlds. Each adventure imparted valuable lessons:

- **Sherlock Holmes (Ibrahim):** Illustrated the significance of problem-solving and critical thinking.
- **Alice in Wonderland (Shreeya):** Revealed the power of imagination and creativity.
- **Robin Hood (Aakif):** Taught bravery and the importance of standing up for justice.
- **Fairy Tale Princess (Diya):** Emphasized kindness and generosity.

The assembly concluded with the hosts expressing gratitude to the audience, reiterating the importance of literacy in empowering minds and transforming lives. They also warmly welcomed the Principal and teachers, acknowledging their continuous support and guidance. The assembly was interactive and engaging, with students taking on various roles that showcased their creativity and understanding of the theme.

The International Literacy Day assembly was a remarkable success, effectively communicating the message that literacy serves as a powerful tool for personal and societal transformation. The creative skit, combined with thoughtful reflections and Quranic teachings, left a lasting impression on the audience, encouraging everyone to cherish and pursue literacy in their everyday lives.

Quantigma Assembly

The Quantigma Fest commenced with a vibrant inauguration ceremony, expertly hosted by Jake and Ishwari. The event set the stage for an exciting celebration of science, technology, and creativity.

The program began with the national anthem, followed by a respectful and heartfelt Quran recitation by Musthakeem, accompanied by a thoughtful translation by Balqees.

Adding a touch of history and imagination, students from Grades 3 to 5 presented an engaging role-playing skit. They brought historical icons such as Isaac Newton, Steve Jobs, Aryabhata, Thomas Edison, and James Watt to life, imagining how these luminaries might react to today's technological world. The skit was both entertaining and educational, offering a delightful blend of humor and insight.

The energy surged as Rishi, Punya, and Reem took the stage with a dynamic rap performance, blending catchy beats with themes of science, math, and artificial intelligence. Their electrifying show captivated the audience, leaving everyone buzzing with excitement.

Next, students displayed their innovative models, showcasing their creativity and ingenuity through thoughtful designs and presentations. The assembly then reached its peak of excitement with an energetic dance performance. The students dazzled the audience with vibrant moves and enthusiasm, creating an atmosphere of joy and celebration.

The grand finale was a special inauguration ceremony featuring a robot and our esteemed Principal, Ms. Clara Martin. She addressed the gathering with inspiring words and officially declared the fest open, setting the tone for a thrilling week ahead.

The event concluded with a final announcement by the hosts, urging everyone to mark their calendars for September 9th, when the much-anticipated Quantigma Exhibition would take center stage.

The Quantigma Fest inauguration was truly a celebration of innovation, talent, and collaboration, promising an unforgettable journey of learning and creativity!

World Ozone Day

Grade 6 Blyton students of Sabari Indian School trained by their class teacher Ms. Meenakshi presented a theme-based assembly based on "World Ozone Day- Protecting Our Ozone Layer: A Shield for Life on Earth." on 17th September 2024. The students were overwhelmed with joy to present their first assembly in

the Academic year. The theme of the assembly was "World Ozone Day Protecting Our Ozone Layer: A Shield for Life on Earth." Students came with uniform costume and presented the concept of Ozone day through an informational skit in a funny way. The skit was designed to educate, inspire, and motivate students to take action in protecting the ozone layer, helping them understand its crucial role in safeguarding life on Earth. All the middle school students enthusiastically participated in the assembly. They enjoyed the assembly and the message was successfully delivered and received by the audience. Principal Ms. Clara Martin appreciated the team for the wonderful presentation.

World Bamboo Day

On 18th September 2024, Grade 2 Rowling celebrated World Bamboo Day with a special assembly. The event began with a Quran recitation by Inayya, followed by an English translation by Nusaybah. Ayesha and Fathima hosted the assembly, which featured a skit titled "Bamboo: The Green Gold of Sustainability." The students highlighted bamboo's importance as a renewable, eco-friendly resource, portraying roles such as narrators, bamboo plants, farmers, and workers. Simple yet effective props, including bamboo sticks and baskets, enhanced the performance.

The skit was both educational and engaging, delivering a strong environmental message. Teachers praised the students for their understanding of the topic and their confident presentation. Ms. Alefiya, the Head of EYFS, concluded the session by interacting with the students and reinforcing the key takeaways.

The assembly was a success, with active participation and enthusiastic responses from students, teachers, and parents, effectively raising awareness about sustainability.

Tech For Good

The assembly, hosted by Nathan, begins with a Quran recitation by Hanan and a translation by Taha, followed by a thoughtful message from Izan. Class 11C then presents an engaging skit titled "Elon Musk's Survival Bunker," where students discover futuristic technologies like the Eco-Band, Agri-Drone, Hydro-Purifier, Energy Cube, and Health Monitor Patch, showcasing their potential to solve global challenges. The skit emphasizes the importance of innovation for a better future. Nathan performs a song celebrating hope and progress, and the assembly concludes with a speech by Ms. Clara Martin, Principal of SIS, inspiring the audience to take action. The assembly was well-received by students & teachers.

The skit was both educational and entertaining, allowing young students to convey an important environmental and technical message in an engaging way. Teachers praised the Grade 11 students for their clear understanding of the topic and their ability to share the knowledge with others. All the students enthusiastically participated in the assembly. They enjoyed the assembly, and the message was successfully delivered and received by the audience.

The Magic of Positive Thinking

The assembly began with a warm welcome from Marwan, creating a positive atmosphere for the Grade 2D performance. The students presented a skit titled "The Magic of Positive Thinking," highlighting the importance of a positive attitude through three scenes:

1. **** Classroom ****: Arpitha's positivity contrasted with Hayah's negativity, showing how a positive outlook can help overcome challenges.
2. **** Playground ****: Faced with setbacks, Arpitha encouraged her classmates to value effort over winning.
3. **** Award Ceremony ****: Roha celebrated her learning despite not winning, reinforcing that effort is more important than awards.

The assembly concluded with a dance and a message from Ms. Alefiya Ma'am, emphasizing positivity's power. The performance was engaging and left the audience inspired by the benefits of a positive mindset.

First Aid & Safety

Emergencies can occur unexpectedly, making quick and correct responses essential. First aid provides immediate care for injuries while awaiting professional help. To emphasize its importance, students in Grade 3 Rowling held an assembly on September 25, 2024, where they performed a skit on emergency preparedness and first aid procedures, followed by a dance. The event raised awareness about the significance of first aid and encouraged students to practice safety and share their knowledge with families. Overall, the assembly informed students on handling emergencies and fostered a sense of responsibility and readiness.

PINKTOBER

Sabari Indian School proudly hosted its annual Pinktober 2024 event on October 4th, under the inspiring theme Hope Blossoms. The day was dedicated to raising cancer awareness through a variety of creative and engaging activities, fostering unity, hope, and responsibility among students from KG to Grade 11.

The event began in the assembly area with Pink Spotlight, a captivating and informational skit performed by students from Grades 4 to 11. The skit highlighted the impact of cancer and emphasized the importance of awareness, support, and hope. It set the tone for the day, deeply resonating with the audience and reinforcing the event's meaningful theme.

30 x 30

This month, our school participated in Dubai's 30 x 30 Challenge, encouraging everyone to commit to 30 minutes of physical activity daily for 30 days. The campaign kicked off with an energizing assembly where a fitness expert highlighted the importance of staying active, followed by a live demonstration of fun exercises to inspire students.

To promote the challenge further, a special Teacher Run was held, with our dedicated teachers jogging around the school grounds. This event helped lead by example, motivating students to get involved in daily physical activities.

Throughout the month, students enjoyed a variety of events, including sports competitions, yoga, dance, and fitness challenges. The success of the 30 x 30 Challenge brought our school community together, promoting a lasting commitment to health and fitness.

Inclusion Assembly

On Tuesday, 12th November 2024, an Inclusion Assembly with the theme "An Ode to Music" was held, celebrating the universal power of music to connect and inspire. Hosted by Shreyas, the event was a heartfelt tribute to the role of music in our lives.

The program began with a soulful Qur'an recitation by Baseer, followed by an English translation presented by Surya. Students from the Inclusion Department then performed a skit highlighting the importance of music in everyday life. The skit revolved around three siblings, portrayed by Aliasgar, Amna, and Shantini, who discovered the transformative magic of music through the guidance of Ms. Poppins, played by Sofanit.

Following this, Hashim, Ali, Shanaya, Ismail, Daniel, Eldrid, Noyan, and Ronan performed an engaging action song about planets, adding an educational and entertaining touch to the event. A lively bus scene and a delightful dance performance emphasized the message of choosing friendship over conflict, spreading joy and positivity.

A particularly wholesome and emotional highlight of the event was when students honored their parents with medals as a token of love and gratitude. The heartfelt exchanges between the students and their parents created truly touching moments, filling the assembly hall with warmth and pride.

The Principal, Ms. Clara, addressed the gathering, applauding the contributions of the LSAs and delivering a motivational message about the unifying and expressive power of music.

The event concluded with a vibrant group performance by all the students, followed by Shreyas's thoughtful summary, which left the audience inspired by the beauty and importance of music in fostering unity and emotional connection.

The assembly was a memorable celebration of inclusivity, creativity, and the wholesome joy that music and shared love bring into our lives.

Kindness

The Ultimate Power

The Grade 3 Blyton assembly on "Kindness: The Ultimate Power" took place on 13th Nov 2024, starting with a peaceful Quran recitation by Navid and Saud. Students dressed in shades of pink and black embodied the theme of warmth and compassion.

Hanana delivered the "Thought for the Day," sharing a meaningful message about kindness as a silent yet powerful force, leaving a lasting impression on the audience.

The highlight was a skit depicting three touching scenarios: Britney giving her scarf and coat to a homeless person, Officer Faizan helping an elderly man with groceries, and Iniya assisting a child in finding his lost teddy bear. These acts illustrated how small gestures of kindness can create significant impacts.

Ms. Clara Martin, Principal SIS, commended the students' heartfelt performances and emphasized the importance of kindness. Vihaana and Mahi hosted the event, which featured a "Kindness Tree" and well-crafted props, making the assembly a memorable success.

Children's Day

On 22nd November 2024 our school came together to celebrate International Children's Day with a special assembly that left the students beaming with joy. The day was dedicated to honoring and appreciating the unique qualities and potential of every child in our school community.

The highlight of the assembly was an exciting performance by the teachers. To everyone's surprise and delight, our dedicated educators took to the stage and showcased their talents in a fun and heartwarming performance. The laughter and applause from the students made it clear how much they enjoyed seeing their teachers in this new and entertaining light.

In addition to the performance, every student received a personalised card from their teacher. These cards contained heartfelt compliments, celebrating each child's individuality, achievements, and contributions to the school. The thoughtful messages brought smiles to many faces and reinforced the theme of the day: that every child is special and valued.

International Children's Day was a wonderful opportunity to strengthen our sense of community and remind our students just how much they mean to us. A big thank you to the teachers for their creative efforts and to everyone who helped make the day so memorable.

We look forward to celebrating more special moments like this in the future!

Eid Al Ethihad

The Eid Al Etihad Assembly, celebrating UAE National Day, was a heartfelt tribute to the country's rich heritage and bright future. The event honored the UAE's founding fathers and their vision, showcasing the nation's growth into a global hub of innovation, culture, and prosperity.

The assembly highlighted the UAE's achievements in areas like infrastructure, healthcare, and sustainability while also focusing on the future—emphasizing innovation, space exploration, and green energy.

A memorable skit brought the nation's journey to life, with characters representing the founding father, a modern Emirati, and a futuristic innovator, showing how the UAE's past fuels its future success. The event reminded all present of the UAE's commitment to progress, unity, and leadership.

Happy UAE National Day!

New Year Resolution

The school assembly held on Jan 14th was a vibrant and inspiring event, celebrating the theme of "New Year Resolutions". The assembly emphasized the importance of starting the year with positive goals and the determination to achieve them.

The assembly commenced with a serene Quran recitation by Atif, followed by a heartfelt translation by Shanawaz. The meaningful words set the tone for reflection and self-improvement, perfectly aligning with the day's theme.

Yohan delivered an uplifting speech that highlighted the significance of making and keeping resolutions. His words encouraged everyone to see resolutions as commitments to growth, patience, and optimism.

The students of 11B presented an engaging and thought-provoking skit titled "Resolution Revolution: The Group Effort". Through humor and relatable characters, the skit illustrated how teamwork and small, consistent actions can lead to significant achievements. The performance was met with loud applause and left the audience inspired to pursue their goals.

The assembly concluded with words of encouragement from the hosts, Sri and Ishwari, who reminded everyone that resolutions are more than promises—they are pathways to growth and success. The session ended on a cheerful note as they extended warm wishes for the New Year.

Sneak Peak into Classroom Learning

Integration of Science, PE, and Design Thinking: Exploring the Human Circulatory System

On November 6th, 2024, Sabari Indian School, Dubai, organised an engaging and interactive session for Grade 5 students that beautifully integrated science, physical education, and design thinking. The focus of the session was on the Human Circulatory System and the Effect of Exercise on Heart Rate, providing students with a dynamic and interdisciplinary learning experience.

The day began with a comprehensive science lesson that introduced students to the anatomy and function of the heart and blood vessels. They explored how blood circulates through the body, delivering oxygen and nutrients while removing waste products.

Next, the Physical Education (PE) segment brought theory into action. Under the guidance of PE teachers, students measured their resting heart rates and observed changes during various physical activities

such as jogging, jumping, and stretching. These practical exercises effectively demonstrated the relationship between exercise and heart health, emphasizing the importance of staying active for a healthy circulatory system.

The session concluded with an exciting Design Thinking activity, where students applied their knowledge creatively. Working in collaborative groups, they brainstormed and designed models of heart rate monitoring devices. This hands-on activity encouraged students to think innovatively, solve problems, and present their unique ideas.

It also reinforced their scientific understanding by connecting it to real-world applications in health and technology. The integration of these disciplines created a holistic learning experience, helping students appreciate the interconnectedness of science, physical health, and design. The session inspired curiosity, creativity, and critical thinking, fostering a deeper understanding of the human body and the benefits of a healthy lifestyle.

Sabari Indian School remains committed to nurturing well-rounded learners through engaging and meaningful educational opportunities that connect classroom knowledge to practical experiences.

From Script to Stage: Grade 5's Journey Through India's Past

On January 10, 2025, at (Indian SST), English, and Sabari Indian School, we Performing Arts under a brought history to life for single theme. Students our Grade 5 students analyzed the movie to gain a (Sections A, B, and C) profound understanding of through an innovative and the sacrifices and immersive learning realities of the experience. As part of our independence movement. commitment to fostering They then collaborated to deeper insights into write an original play education, we began the in English, creatively session with a screening of a capturing the essence of key thought-provoking movie on events. Their hard work India's freedom struggle. culminated in a captivating performance, This set the stage for an where monumental moments interdisciplinary exploration like the Revolt of 1857 were that seamlessly integrated reimagined as a dynamic and History expressive dance drama.

This initiative was designed under the theme 'How We Express Ourselves,' encouraging students to explore the ways people can share ideas, emotions, and heritage through language, art, and action. It not only deepened their historical knowledge but also enhanced their writing, analytical, and artistic skills. At Sabari Indian School, we strive to provide such holistic learning opportunities that inspire critical thinking, creativity, and a strong connection to India's rich heritage.

Integrating Math, AI, and Design Thinking for Accessible Fire Evacuations" – Designing AI powered floor plan for physically challenged students in a school during fire emergencies.

On September 16th, 2024, Sabari Indian School organized an engaging and interactive session for Grade 4 students that beautifully blended math, AI, and design thinking. The session's focus was on designing a floor plan to help physically challenged students in the school during fire emergencies. The day began with a detailed exploration of floor plan design, where students learned about the importance of accessibility in emergency situations.

"Everyone's voice mattered," one student shared, as they built on each other's ideas to create something truly innovative. The students then took their learning outside, observing their school environment and discovering how nature and play areas could inspire their designs. The students started by discussing the needs of physically disabled children in their school, listening to their experiences to gain valuable insights into how to make the floor plan safer and more accessible.

During brainstorming, they focused on wide pathways, ramps, and clear exit routes for safe evacuation.

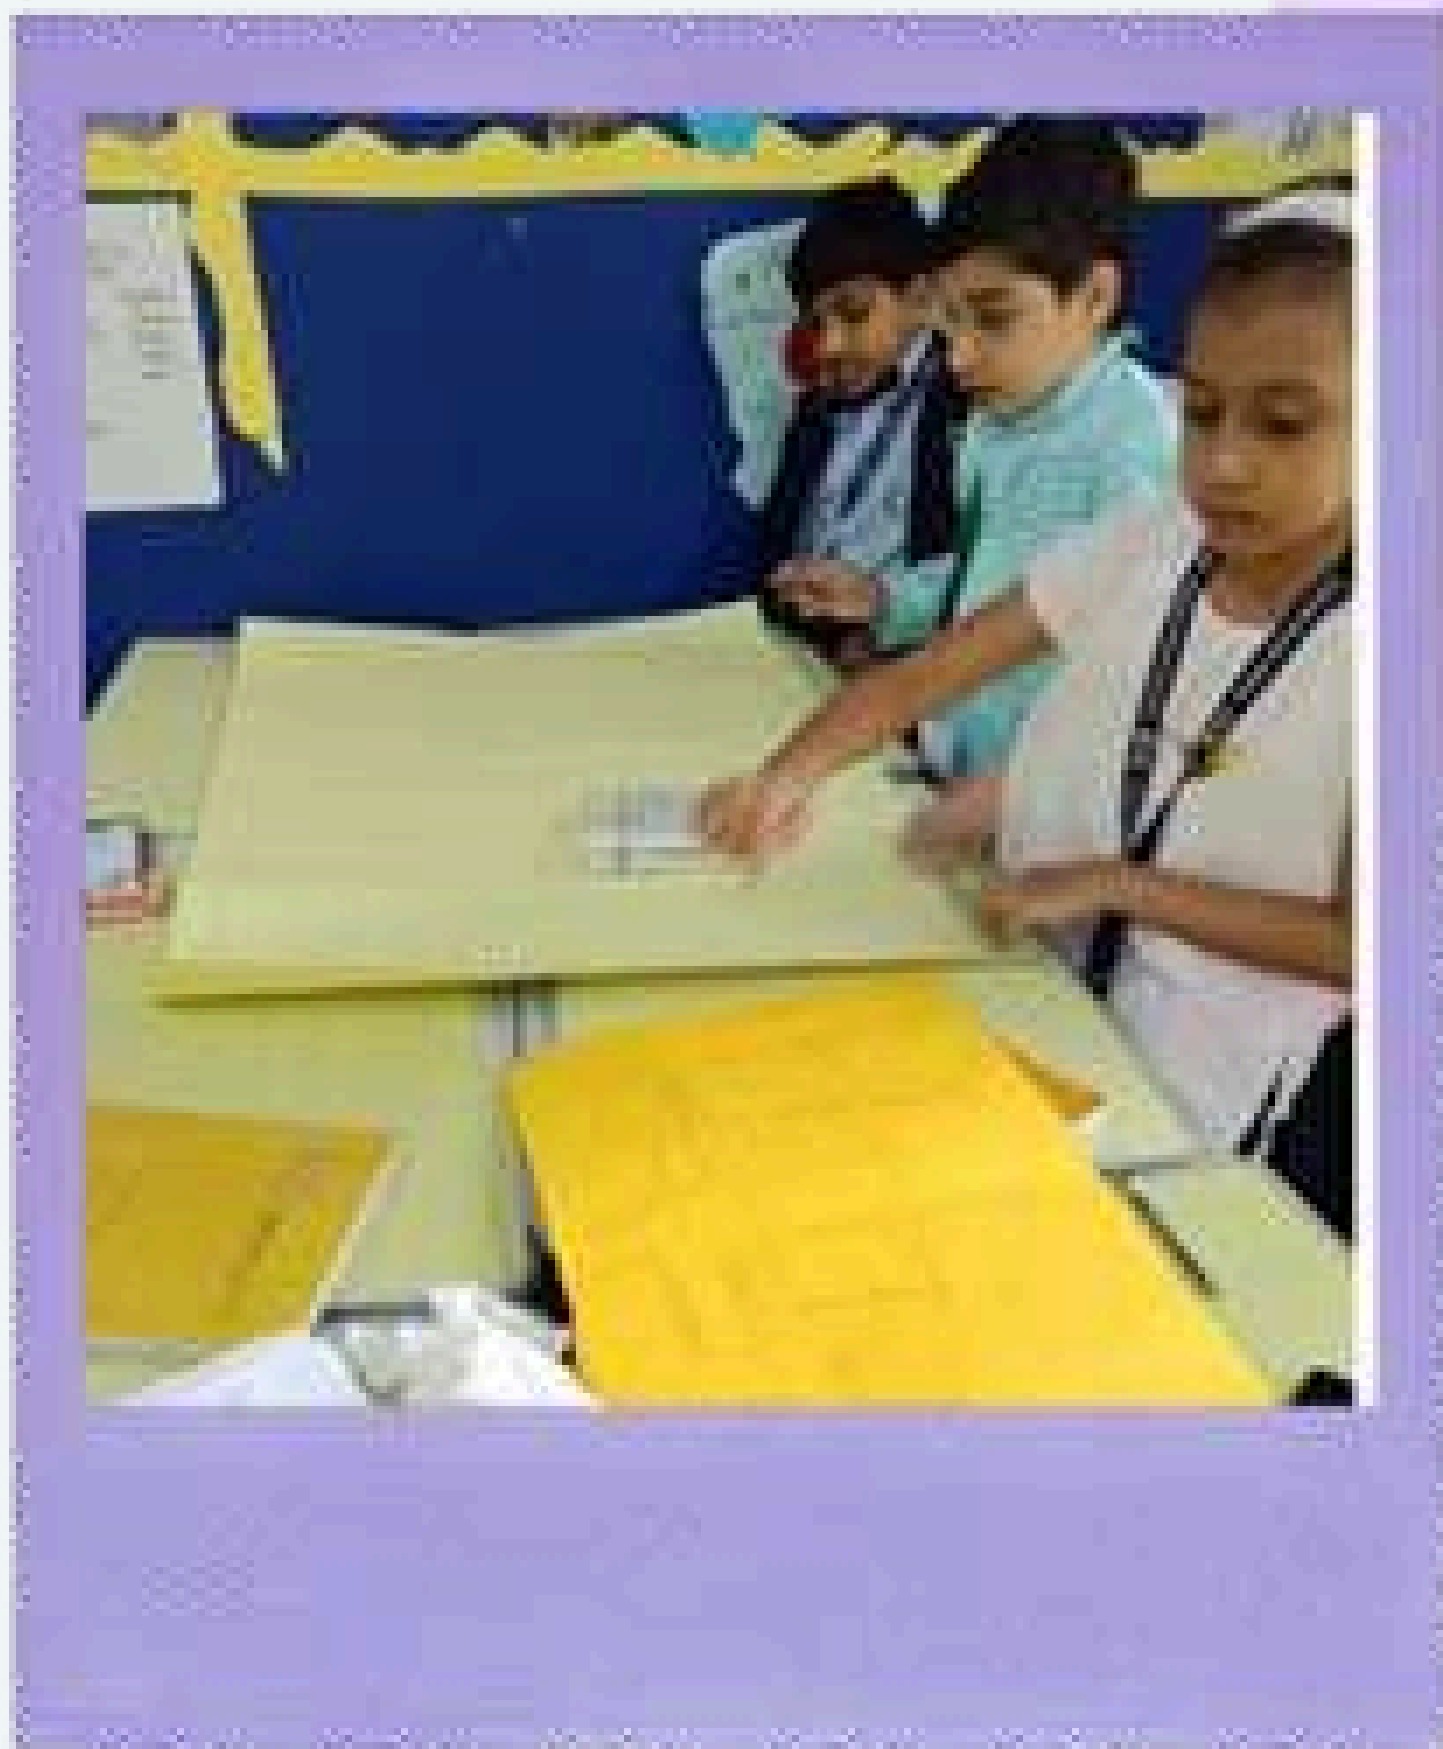

Students collaborated to create a floor plan meeting safety requirements. Each student contributed to ensuring accessibility during a fire emergency.

They presented their inclusive floor plan to the class, highlighting features supporting physically disabled children. AI enhanced their design by analyzing the floor plan and identifying safest evacuation routes.

Guided by teachers, students conducted simulations to test the plan's functionality. They made adjustments based on the prototype's performance.

Proud of their design, they presented their final prototype to the class, inspiring critical thinking and technology application.

Sabari Indian School nurtures curiosity, creativity, and real-world problem-solving.

Integration of English with Science and Social Studies

Students of grade 3 enhanced interdisciplinary learning by integrating English with science and social studies (NGOs and their role in disaster management), fostering students' understanding of natural disasters like cyclones and the role of organisations in managing their impact. Students have integrated the lesson with science to understand the causes, structure, and effects of cyclones..

They learned about weather systems and their forecasting.

Students have illustrated the storm surge, winds, and eye through group activity. Students have learned the role of NGOs and government organizations in disaster relief and the socio-economic impact of cyclones on affected communities.

The integration of English, Science, and Social Studies fostered a deeper understanding of cyclones and the significant role NGOs play in disaster relief, helping students develop critical thinking, empathy, and collaborative skills.

Integrating Psychology in English Lesson

Topic: Cultural Diversity and Family

Influences in Jenny Sue's

On 27th November 2024, and the role of family in Grade 4C students engaged in shaping daily life.

in an interdisciplinary English lesson combining psychology and literature. Based on the MTP Block 4 Theme: Who We Are, the lesson focused on how family structures influence personal and collective identities.

Using the story Same, Same but Different by Jenny Sue, students explored the similarities and differences between nuclear and extended families. The narrative of two friends from diverse family setups highlighted cultural diversity

Key Highlights:

- 1. Family Background:**
Students examined nuclear families fostering independence and extended families promoting shared responsibilities and community bonds.
- 2. Psychological Impact:**
Discussions covered the emotional security of nuclear families and the sense of belonging in extended ones, alongside challenges like limited support in

nuclear setups versus potential conflicts in larger families.

3. Cultural Influence: The story illustrated how cultural practices shape family dynamics, enriching students' understanding of diversity.

Through group discussions, students shared their experiences, reflected on their family settings, and analyzed the psychological aspects of the story. This interdisciplinary approach fostered empathy, self-awareness, and an appreciation for diversity while deepening their comprehension of the text.

Student Voice

The Beautiful Game

Abdeel
Pradeep
Grade 11A

Beneath the floodlights, the pitch aglow,
A sacred stage where dreams will grow.
Eleven warriors, side by side,
With hearts ablaze and spirits wide.

The whistle blows, the ball takes flight,
A dance of skill, a fierce delight.
Through every pass, through every play,
The echoes of the crowd convey.

The striker charges, the keeper stands,
Destiny woven by steady hands.
A shot, a save, the thrill, the roar,
A game of inches, fate at the core.

From backyard scrimmage to stadium's cheer,

The love of football draws us near.

For it's not just a game; it's more, it's life—

A battle of passion, a bond through strife.

The final whistle, the game is done,

But its spirit lingers with everyone.

For football is not just the score or fame,

It's the soul of the world, the beautiful game.

The Weight of the Test

Arnav Grade 9

The paper waits, so crisp and bare,
A silent judge beneath their stare.
The clock ticks loud, a steady drum,
Marking moments that swiftly come.

Palms are clammy, minds unclear,
An echo of every latent fear.
Will memory falter? Will time betray?
The doubts, like shadows, crowd the day.

Books were friends in sleepless nights,
But now they fade in blinding lights.
The answers dance just out of reach,
As lessons learned struggle to teach.

THANK YOU SHEIKHA HIND

Arman Grade
11B

In the Golden Sands, Where dawn ignites
Leading dreams to Greater heights
Sheikha Hind, Your Story Inspires A flame
that burns with endless fires

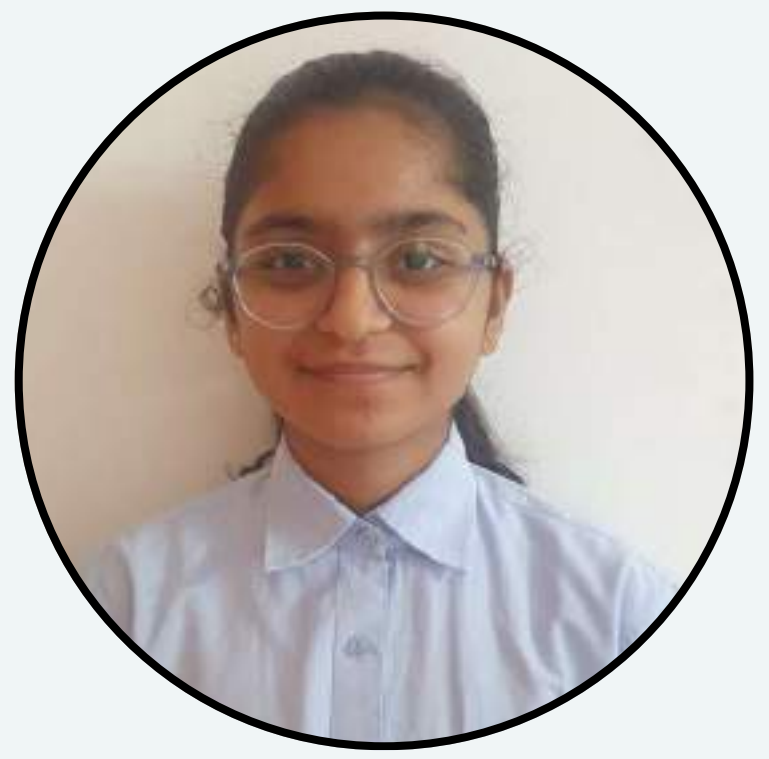

A million meals to the ones in need A
symbol of care with great deed
Sculptor of identity,
Blending culture with progress
Combining Tradition and future that
impress

With Hands that build, With heart that
cares She shapes a nation, With love that
dares
Through actions not words,

She carries her legacy
A tale of strength and dignity
In every heart her impact will stay A
guiding light that leads the way
